General Instructions

Nonresidents and Part-Year Residents: Nonresident individuals are subject to Connecticut income tax on their Connecticut-sourced income. Part-year residents are taxed on all income received while a resident of Connecticut and on income received from Connecticut sources while a nonresident. **Connecticut-sourced income** includes but is not limited to income from a business, profession, occupation, or trade conducted in this state as well as income from the rental or sale of real or tangible property located in Connecticut.

Convenience of the Employer: Residents of states with a "convenience of the employer" test will be subject to similar rules for work performed for a Connecticut employer. Generally, in a state that applies this test, wages earned by a nonresident are allocated to the employer's location unless the nonresident works from an out-of-state location due to the necessity of the employer rather than the convenience of the employee. For example, in determining whether income earned by a New York resident individual telecommuting for a Connecticut employer will be deemed Connecticut-sourced income, Connecticut will apply the New York "convenience of the employer" test.

Who Is Required to Make Estimated Payments: You must make estimated income tax payments if:

1. Your Connecticut income tax, after taking into account your Connecticut tax withheld, and any Pass-Through Entity Tax Credit (PE Tax Credit) you are allowed to claim, is \$1,000 or more; **and**
2. You expect your Connecticut income tax withheld (including any PE Tax Credit) to be less than your required annual payment for the 2021 taxable year.

Your required annual payment is the **lesser** of:

- 90% of the income tax shown on your **2021 Connecticut income tax return**; **or**
- 100% of the income tax shown on your **2020 Connecticut income tax return** if you filed a 2020 Connecticut income tax return that covered a 12-month period.

You do **not** have to make estimated income tax payments if you were a:

- Connecticut resident during the 2020 taxable year and you did not file a 2020 income tax return because you had no Connecticut income tax liability; **or**
- Nonresident or part-year resident with Connecticut-sourced income during the 2020 taxable year and you did not file a 2020 income tax return because you had no Connecticut income tax liability.

If you were a nonresident or part-year resident and you did **not** have Connecticut-sourced income during the 2020 taxable year, then you **must** use 90% of the income tax shown on your 2021 Connecticut income tax return as your required annual payment.

When to File: Estimated payments for the 2021 taxable year are due on or before April 15, June 15, September 15, 2021, and January 15, 2022. Fiscal year filers should follow federal filing dates. If the due date falls on a Saturday, Sunday, or legal holiday, your estimated payment will be considered timely if filed on the next business day. An estimate will be considered timely if received, or if the date shown by the U.S. Postal Service cancellation mark, is on or before the due date.

Visit the DRS website at portal.ct.gov/TSC to make your estimated payments online and receive immediate confirmation that your payment was timely remitted.

How Much Should I Pay: Complete the *2021 Estimated Connecticut Income Tax Worksheet* on Page 3 to calculate your required annual payment.

Special Rules for Farmers and Fishermen: If you are a farmer or fisherman (as defined in Internal Revenue Code § 6654(i)(2)) who is required to make estimated income tax payments, you will be required to make only **one** payment. Your installment is due on or before January 15, 2022, for the 2021 taxable year. The required installment is the lesser of 66²/₃% of the income tax shown on your 2021 Connecticut income tax
